

Private Events at The Mixing Bowl

Introduction

Established in 2012, The Mixing Bowl has been helping kids and adults learn how to bake through our wide range of hands-on baking classes.

We also run private events for groups and companies, baking at The mixing bowl is an unique way to celebrate your special occasions, it is also a great social or team building activity.

We have put together this information pack to provide you with details about our private classes, their formats, prices, and how to make a booking.

The Venue

We are conveniently located in the heart of Sheung Wan, easily accessible by MTR and other public transport. Our space is over 2,000 square ft in area, and it is divided into two main areas:

Main Kitchen

This is where the the majority of our baking classes take place. The kitchen counter sits 18 people comfortably, however depending on the menu and the format of the event, this room can fit up to 30 people.

The Dinning Room

Next to our main kitchen is a bright and spacious dinning room. This room features a large marble table that sits 18 people and a fully functional kitchen. A 5 meter wide 'smart glass' panel separates the main kitchen and the dinning room.

There is also a beautifully decorated patio attached to the dinning room with wooden table and benches. It is an ideal space for guests to relax, socialise and take photos of their baked goods after a baking class.
